Hair Need A Lift?

Recently the staff of Pretty Hair Salon had the opportunity to attend a certification class for Keratin treatments, from Leslie, a top stylist from NYC that specializes in this arena. Keratin treatments work for all hair types. This treatment is also known to some as a Brazilian Blowout. The purpose of a keratin treatment is to reduce frizz, maintain curl and make the hair healthier than before. The treatment lasts any where from 3-5 months and leaves the hair feeling amazingly healthy. Keratin treatments start at \$225 and the price depends on density, length and texture. This month receive \$25 off a Keratin treatment with mention of this offer. Ask for a free consultation from your stylist regarding this amazing process!

Zen Glam

Pretty Hair Salon would like to congratulate, Ashlee, Angela, Stephanie and Heather on a job well done for their performance at Glamour Night on June 25. Pretty was one of five salons that strutted their hair stuff on the catwalk. Pretty provided hair services to 5 models, that were featured in Zen Social Club's monthly fashion show. Clothing was provided by Planet Pulse. In addition to hair services, the girls were put on the spot, with a 5 minute demo performance, in front of a large crowd. With a phenomenal mohawk and quick updo, the girls certainly displayed their creative talent. Photos are soon to come as well as futures events. We will keep you posted!

With 70% moisturizing ingredients, stay put formula, stress free glide and dual use....you will have big, fat, fun! Available in 7 shades: lilac, black, brown, teal, green, blue and purple.
